ACE-THRED™ ADAPTERS

Versatile, Grease-Free, No-Clamp Connection

Ace-Thred Adapters come with a ground joint at the bottom and a threaded nylon bushing at the top. The bushing tightens into an Ace-Thred to form an o-ring compression seal with electrodes, thermometers, thermocouples, bleed tubes, etc. The Nylon bushing comes complete with FETFE o-ring. These adapters are suitable for vacuum work. For a complete listing of threaded adapters go to aceglass.com.

Adapter w/Hose Connection

- Ace-Thred port at the top
- Side serrated hose connection
- Inner standard taper joint at the bottom
- Supplied with nylon bushing and FETFE o-ring
